Text on front of card:

..it is a wonderful day ..

Text on the Inside Left:

Birthdays are reminders of how precious life is .. it is the chance to renew dreams not yet achieved .. plant new seeds and harvest old roots that have grown tangled with no chance to bare fruit .. birthdays are reminders that our tomorrows can be .. if we recognize our power and choose to embrace it completely! So blow out the candles .. dance and sing all the night .. but before you do .. I must say .. happy..Happy birthday to you!
